

TREE TEA

**W.W.BROWNING
CONFIRMED
BY SENATE**

Washington, July 11.—The senate today confirmed the nomination of W. W. Browning as postmaster at Ogden.

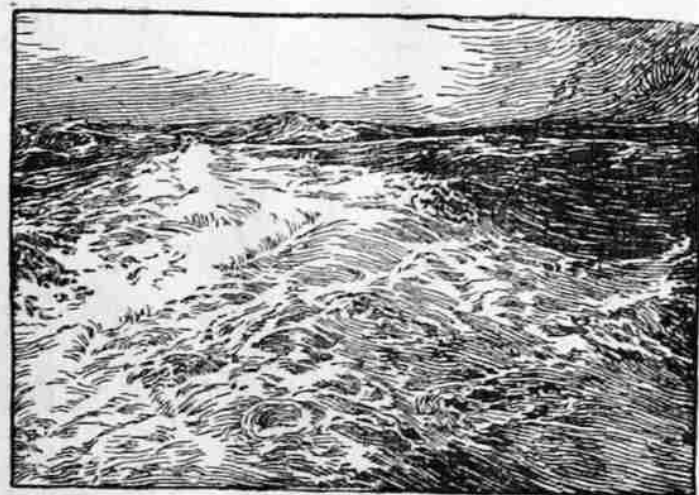

Also the following nominations of Idaho postmasters: S. H. Laird, American Falls; George W. Harris, Burke; W. J. Colman, Idaho Falls; A. McDermid, Kimberly; Stinson M. Rich, Paris; J. J. Nicoll, Plummer; F. H. Bradbury, Rathdrum; Edgar T. Hawley, St. Marie; John J. Presley, Wallace.

AMERICAN SEA PAINTERS

"Learn One Thing Every Day"

No. 6. EMIL CARLSEN, "OPEN SEA"

Copyright, 1913, by The Associated Newspaper School, Inc.

Emil Carlsen won recognition first as a painter of still life. He was born in Copenhagen, Denmark; but he came over to America when he was a very young man, settling first in Boston. He afterward went to the Pacific coast, where he taught art and had a large number of pupils.

His early struggles were severe indeed, and he was put to it to make both ends meet. In those old days he used to take a dead chicken and keep painting it until the other occupants of the building protested at the gaudy odors that came from his studio. Fish also from time to time made it awkward for his fellow workers on account of their long stay in his workshop; but those were days when to buy a goose or a shad was a serious consideration with Carlsen.

Curiously enough, the man always had a singularly original color point of view, seeing it in a manner quite different from his fellows. Indeed, no other worker in this country possesses so individual an outlook on the world of color. He has as well a method of painting quite his own, of banding his pigment, of blending the tones and obtaining sparkle and vibrancy.

Few painters keep up their interest to such a high pitch. Carlsen is today as enthusiastic as a beginner. Among the members of the Salmagundi club of New York that intimate artistic organization, Carlsen is most popular, and they have given him many of the best prizes the organization has to offer.

BABY BORN TO WIDOW OF PROVO

Heber City, July 11.—Sheriff L. O. Wall of Wasatch county said tonight that he would take up with Sheriff Henry East of Utah county in the morning the matter of preferring formal charges against Thomas J. Farrer, deputy, and Mrs. Elizabeth C. Choules, city treasurer of Provo, both of whom are in Heber City at present. Farrer has been under surveillance at Heber hotel for three days. Mrs. Choules was today reported as recovering here at a private home, to which she had been moved after being confined in a hotel at Midway the latter part of June.

For some time Mrs. Choules's condition was so critical that the authorities, on the advice of her physician, Dr. Wherrett, hesitated to take formal action against the couple. Today, however, the physician reported her as improved and she was visited by her mother and her brother from Provo within a few days.

Farrer, Sheriff Wall says, has made a complete confession to him as to his responsibility for the child, and has been with Mrs. Choules both prior to and since her confinement.

From Provo, where the affair has caused a sensation, it is learned that Mrs. Farrer is considering divorce action. They have eight children. Mrs. Choules, who was widowed several years ago, has a family of three adolescent children, as well as the baby born last month. Both Mrs. Choules and Farrer are of highly respected families of Provo, and both have been prominent in public office for some years. Mrs. Choules is about 35 years old and Farrer about 50.

Mrs. Choules has been treasurer of Provo for seven and one-half years, and under four administrations. The city books were audited the first of the present month by City Auditor Ralph Elliott, who reported them to be in first class condition.

Early in June Mrs. Choules asked the city commission for a leave of absence of thirty days, and this was orally granted. She departed June 19, not telling her husband her destination. It was only after some search that they learned a few days ago that she was at Heber City.

About a week after Mrs. Choules left, Farrer, it is said, told his wife and family that he was going up the Provo river to measure water. He had been water commissioner on the river for several years, and his successor, Frank Wentz, former county surveyor, was named only a few days before the present affair became known, at the request of the canal companies using water from the Provo river.

The whereabouts of Farrer also was unknown to his relatives in Provo until a few days ago, when City Marshal Wilford Giles came to Heber City and with Sheriff Wall found the man here.

In the meantime, about June 30, a baby was born to Mrs. Choules at a Midway hotel, Dr. Wherrett being in attendance. Mrs. Choules remained there for a time, but was later removed to Heber City, where it was said she could have better attention, the facilities at the hotel not being of the best. At Heber City her condition was for a time so critical that her life was almost despaired of, and it was insisted that she be kept as quiet and as free from annoyance as possible.

For this reason when Marshal Giles and Sheriff Wall found Farrer they contented themselves with keeping him under surveillance rather than making an arrest as yet.

ALTHOUGH DAISY MARKHAM HAS \$250,000 OF NORTHAMPTON'S MONEY, SHE PLANS ON RETURNING TO THE STAGE BEFORE LONG

Daisy Markham and Marquis of Northampton.

London, July 12.—(Special)—though she has just received a quarter of a million dollars from the young Marquis of Northampton—the sum paid her in settlement of her breach of promise case—Daisy Markham, the actress, plans on returning soon to the stage. She says she wants a little rest first. But her great beauty, added to the advertising which she has gained as a result of her affair with the marquis, would make her a great drawing card in any vaudeville house.

The Marquis of Northampton, who is just twenty-seven, enjoys the doubtful distinction of having paid more in settlement of a breach of promise case than any one ever paid before, so far as known. He will also have to pay the costs of the proceeding, which will total \$50,000.

The marquis met the young woman last year at a Bohemian club and immediately became fascinated by her great beauty. She accepted his marriage proposal. Then his father put his foot down, said there was to be no marriage, and sent his son on a tour through Europe. The young man wrote back to Miss Markham as follows:

"The welcome given the tourists outside of the city made up for the shortcomings of the highway, and a moving picture machine tabulated their movements while moving into the city limits and while standing at the capitol steps while the governor presented our chairman White with an American flag. Mr. White is the representative of the Marion company, whose car was pacemaker for the day."

Governor Ammons welcomed the Honorable as a body of men who were pioneers in the building of good automobiles and also in the plan for building a rock road across the continent. He expressed himself as satisfied that such a move would be highly appreciated by the people of the country and believed that it would be of great benefit to the state of Colorado.

The party will remain here until Sunday morning, when they will start for Hot Sulphur Springs, on the run across the Rockies, the hardest part of the entire journey. Every car is in good condition for the run and is certain to make the journey on time.

AUTO POLO

The New Thriller. Buffalo Bill and Pawnee Bill's Latest.

In the long list of innovations among the stadium features with Buffalo Bill's and Pawnee Bill's Wild West and Far East this year, and one attracting widespread attention from every lover of exciting outdoor sport, is the new dare-dare of Auto-Polo; and it is some dare as presented personally by its famous inventor, Roy King, with a corps of equally noted demon drivers. The game is the regulation one, with the exception substitution of autos for horses, and witnessing it is instantaneous conviction that it has come to stay, and is far enough in advance of the century's thrills, to assure its distinctive appeal to the devotee of daredevil stunts, for a long time to come. The forthcoming Ogden visit of the big show, Tuesday, July 29, fresh from its New York triumphs, will present the game exactly as it was given when it caused so much agitation at New York Madison Square Garden.

BOY IS FATALLY HURT UNDER FREIGHT TRAIN

Salt Lake City, July 12.—Falling in his attempt to board a Salt Lake Route freight train as he and his brother were returning from a swim in the Jordan river, James Smith, 10 years of age, son of James Arthur Smith of 40 North Sixth West street, fell under the wheels of the car and was fatally injured at Thirteenth West and Second South streets yesterday afternoon at 3:30 o'clock.

Death ended the sufferings of the unfortunate boy at St. Mark's hospital while his father and mother sat beside his bed at 10 o'clock last night.

Both legs were crushed, the wheels traversing diagonally from the right to the left side and upward, severing the left arm at the shoulder. Everything was done to relieve the boy's pain, but from the first there was no hope that he could recover. Death resulted from shock. Conscious for some time before the end came, the boy bore his fate courageously.

Charles Smith, 15 years of age, his brother, dragged him from the track and laid him in the shade of a tree. The injured boy was unconscious and the older brother procured water and bathed his face. Meantime a crowd was gathering and a call was telephoned to police headquarters. Sergeant Charles Olsen, Patrolman William Cobble and Chauffeur O. C. Brown went after the boy in the police ambulance. With all speed he was taken to St. Mark's hospital, while the injured brother was sent home to tell his parents what had occurred.

INDIANA TOURISTS ARRIVE IN DENVER

Denver, Colo., July 11.—Indiana tourists to the Pacific coast, traveling in machines of their own make, reached Denver this afternoon on schedule time and practically completed a third of their long journey. The day's trip was made over the worst roads encountered by the tourists to date and need for a national highway, which is being pushed by the men on the tour, was certainly emphasized by the conditions found

TRACY POULSON FUNERAL HELD

Funeral services for Tracy Poulson, the young man who was accidentally shot at Black Pines last Tuesday, were held at 2 o'clock yesterday in the Lynne ward meeting house, with Bishop Oscar Turnquist officiating.

The speakers were Bishop Emanuel Bachman, Walter Crane, Paul Christensen and Bishop Turnquist. A quartette composed of Florence Olsen, Pauline Christensen, Len Marlin and T. A. Nordquist sang and a duet was given by Miss Olsen and Miss Christensen. Interment was made in the city cemetery.

COMMITTEE TO MEET TOURISTS

Ralph E. Bristol has been selected chairman of the committee to meet the Indiana automobilists when they arrive in the city July 19.

The others on the committee are: S. W. Badcon, A. P. Bigelow, W. B. Brown, T. Samuel Browning, J. P. Casey, F. M. Driggs, Mayor A. G. Fell, Frank Francis, A. R. Heywood, J. A. Howell, Arthur Kuhn, J. C. Nye, and H. M. Rowe.

DIAMONDFIELD JACK DAVIS

Salt Lake, July 12.—"Diamondfield" Jack Davis, mining expert, rancher, cowboy and soldier of fortune, is in the city and is registered at the Semiah hotel. Some months ago The Tribune, basing its story upon dispatches received from Mexico and other points, effectively disposed of Mr. Davis. It related that Mr. Davis had been placed against an adobe wall in the wilds of Mexico and shot full of holes by a federal firing squad. In view of the fact that Davis arrived in the city yesterday from New York, and registered at the Semiah hotel, it would appear that The Tribune's surmise as to his lucky star was correct.

When seen at the Semiah hotel last night, Davis laughed heartily over the report of his execution. A copy of The Tribune containing the alleged account of his death, was sent to him in New York, he said, but owing to the fact that he was largely interested in South Sonora, Mexico, and that enemies were planning his death, he deemed it best not to deny the report.

Davis said last night that if the federalists in Mexico could have but their own way, the report of his death would have been correct. He was a sympathizer with the rebels, but he

"You do not know how these so-called ladies will treat you, and I really could not bear to see you suffering it. Oh! If I could but escape my position. You will always be my ideal! My beautiful dream."

Although the marquis took the position that he was hitting the girl because he loved her, the actress was unable to see it that way and started breach of promise proceedings. She would have settled for \$75,000 at first. But the marquis thought his affections were not worth over \$50,000. Then she raised her demands until finally they reached \$250,000.

It is understood that some happenings after the engagement made it extremely undesirable from the point of view of the marquis to stand a public trial.

Miss Markham is very pretty, with remarkably fascinating eyes, and a charming figure. She is the daughter of a Lancashire shoemaker. At sixteen she married a stock broker's clerk named Moss, whom she divorced in 1906. She has travelled a great deal.

The Marquis of Northampton is getting much public sympathy, owing to the large amount which he had to pay. But he can stand it, as he inherited a huge fortune and one of the largest pieces of real estate owned by any single proprietor in London.

He kept his own counsel. A federal officer, however, planned the destruction of Davis and several companions, but Davis was advised of the scheme by poets and he and his comrades made their escape. They traveled by night and rested by day until they crossed the American border and were safe among their own people.

Mr. Davis is still largely interested in southern Sonora. He owns a large ranch there and also is interested in valuable mining claims, but he says he will not return until the country is safe for Americans.

Since his fortunate escape from Mexico, Mr. Davis has visited the Porcupine mining district in Canada and also has done a large amount of development work upon mining claims which he owns in Arizona. He still claims Nevada as his home, however, as it was there that he made his first start toward a big fortune.

RITCHIE AFTER COIN; ANY BOXER WILL DO

San Francisco, July 11.—Willie Ritchie declines to be lured from his determination to allow the promoters to pick his next opponent.

The highest bidder will get my services providing he names a price which I consider fair. It makes no difference to me who my next opponent is. I am willing to meet any lightweight in the country, and whoever the successful bidder names is satisfactory to me."

That, in effect, is what the champion told Leach Cross, the New York lightweight who arrived here today from Los Angeles to advance his claims for the next chance at the championship title.

"I believe I am the logical contender for the lightweight championship," declared Cross after the conference, "and I am going to keep after Ritchie until I get him into a ring."

Cross has made no definite plans for the immediate future. He will remain in San Francisco several days, and then probably will return to his home in New York.

Ritchie today secured an injunction temporarily prohibiting the showing of the Ritchie-Cross fight pictures. Ritchie claims the moving picture people have not made a satisfactory financial settlement with him.

FIGHTING OPIUM TRAFFIC

Washington, July 11.—Secretary Bryan told the house appropriations committee today that it was vitally important to appropriate \$20,000 towards expenses of the International Opium congress at The Hague. He declared the United States would be derelict in its fight for suppression of the opium evil if it did not appropriate for the participation in the conference.

YOUNG VIOLINIST PLEASURES

Brigham City, July 11.—The concert given in the Third ward chapel in this city tonight by Victor Christensen, violinist, 14 years of age, pleased a large audience. The youth showed wonderful skill with the violin. Young Christensen was assisted by Miss Margaret Summerhays, soprano, and Squire Coop, accompanist, both of Salt Lake, under the management of Fred C. Graham.

The recital was of unusual interest to the people of Brigham City, as Victor Christensen is the son of Moses Christensen of Portland, Ore.

A. S. BIGELOW, BANKRUPT. Boston, July 11.—Albert S. Bigelow, formerly president of the Osceola Copper Mining company, was petitioned in bankruptcy in the United States district court today by the Columbia Knickerbocker Trust company of New York. The claim of petitioner is \$70,000.

RAILWAY MAIL SERVICE

Washington, D. C., July 11.—Among transfers in the railway mail service made today by Postmaster General Burleson is included H. M. Rogers, chief clerk at Atlanta, who goes to fill a vacancy. George S. Cobb, now a railway post clerk, is made chief clerk at Atlanta.

FORMER OGDEN MAN DROWNS HIMSELF

Billings, Mont., July 11.—E. A. Berry, an electrician, believed to have been insane, committed suicide by drowning in ten inches of water in an irrigating ditch six miles east of Billings last night, and his body was brought here this morning. A union card found in his pocket shows that he joined the International Brotherhood of Electrical Workers in Ogden and that his dues were paid up to next September. Berry had been seen in the neighborhood for several days and had been acting queerly. He came here from Bozeman.

MYSTERIOUS DEATH NOT SELF-CAUSED

Kaysville, July 11.—County Attorney Ezra C. Robinson made an investigation this morning of the conditions surrounding the death last night of Mrs. Laura B. Percival, who was found dead on her bed with her two-month-old babe crying beside her, and concluded that there were no suspicious circumstances connected with the case and that no inquest need be held. In this conclusion he was joined by Acting Coroner O. A. Williams and by Drs. Sumner Gleason and G. D. Rutledge, who were present. The decision was that the death had been due to heart failure. That nothing of a poisonous nature caused the woman's death is probable, from the fact that Mrs. Percival had not purchased any drugs of late and no bottle or other receptacle with traces of poison was found on the premises.

A letter was found in a handbag, addressed to the woman's husband, now serving a year in the state prison for involuntary manslaughter committed in Salt Lake last year, in which complaint was made of the treatment she had received from her husband, but nothing was said about any contemplated suicide. On the contrary, she seemed to fear that Percival would try to take the children from her, and she declared her determination to cling to the little ones, while at the same time intimating that she would have nothing more to do with her husband. The letter was written July 4.

The funeral of the unfortunate woman will be held tomorrow. What will be done with the five little children has not yet been determined. At present they are with relatives.

Deputy Sheriff William Foxley went to Salt Lake this afternoon for the purpose of acquainting Percival with the death of his wife.

ELKS AWARD PRIZES

Rochester, N. Y., July 11.—The forty-ninth annual reunion of the Grand Lodge, Benevolent Protective Order of Elks, will close with a ball tonight in the state armory.

These prizes were awarded today for the various Elks competitions: Competitive drill—Denver, Colo., first prize, \$500; Battle Creek, Mich., second, \$300; Syracuse, third, \$200. Greatest aggregate mileage in attending the convention, Seattle, first, \$250; Denver, second, \$100. Most attractive float in the parade, Seattle, first, \$500; Sayre, Pa., second, \$300; Wilkesbarre, Pa., third, \$200. Best appearance in line, Buffalo, first, \$200; Denver, second, \$100; Detroit, third, \$50.
